The club is working on bulk order for Fordham grinders, talk to Tom Mogford if you are interested. He also has a source for vacuum pumps for vacuum chucks.

Keith Fulmer, one of our members is now a supplier for the only American made CA glue and the club will be selling it.

At the December meeting we will be electing our officers for next year. We are looking for someone who would be interested in replacing John Becker as Secretary.

We are talking to Mark St.Leger, along with the Detroit chapter, about a demonstration/class in late winter or early Spring.

We talked about getting some cameras set up for better viewing and recording during demonstrations.

Several people who attended the Ohio symposium spoke of it with glowing praise and highly recommend it.

## Show and Tell:

Joe Agosta showed a box elder carved bowl and several of his drum sticks.

John Becker reported on his Renaissance Festival sales - 240 pieces with sales up 16.3% over last year.

Pete Buccellato brought in 2 fine goblets with extremely thin stems.

Basil Kelsey bought a small cherry vase

Bob Roehrig brought in a segmented semi-enclosed form with a walnut rim.

Phil Clebenger brought some ornaments and bowls he made. He has been turning for a year and is making some very nice products.
