Meeting Announcements

Keith Fulmer put on a demonstration for the Michigan Association of Woodturners May meeting on how to turn a wall hanging. Keith covered setup, turning tools used, chucking and various woods used to make a wall hanging. During the demonstration Keith gave the members some good insight on the John C. Campbell woodturning classes. Keith spent a great amount of time down there the past year and was very impressed with the schools new facilities. Keith will be teaching his own classes there this year after being an assistant the previous times. Thanks Keith for your time.

NEXT MEETING
June 3, 2007

Show & Tell table from the May meeting.

Rare and exotic woods are presently being cut and sealed for turners to pick up from the University of Michigan Museum of Art. Members that signed up for wood will be notified shortly when and where this can be picked up for your turning projects.

Turners will be able to sign and date their projects for sale with proceeds being donated to the art museum. This is a good chance to make a name for yourself. Future turnings may be in the offerings if all goes well.

Please Return all video tapes, CD's, and other club library items the following meeting when you have checked these out from the club. We currently have many items **NOT** being returned in a timely fashion. The club has invested in making our library a good resource for information on woodturning, please don't abuse the system. Thanks

Thanks goes out to Roby Jarczewski who brought in the delicious cookies for the May meeting.

Clarence Gordon will be bringing in treats for the June meeting.
