August 2011

The August meeting found the MAW members enjoying the annual picnic. The picnic is always a good time. It is nice to be able to sit and socialize with fellow club members.

The club hosted David Lindow for a demonstration on August 12 & 13. I really wish I could have attended the

hands on demonstration on Ornamental Turning.

If you want to go to The Ohio Valley Woodturning Guild's Turning 2011 you better register soon.

Lindow Ornamental Turning Demo

Thanks to Gary Smith for sharing his pictures from the David Lindow demonstration. I really wish I could have attended this demonstration. Ornamental turning is something that I have been wanting to learn more about. Thanks to David Lindow for joining us and sharing some of his knowledge. This was a great opportunity for people that want to learn more about Ornamental Turning and Rose Engines. Where else can you work on commercial equipment and with experienced turners.

Demonstrators Wanted

Anyone willing to demonstrate at the monthly meeting can contact Tom or Bill to schedule.

We have a number of talented members, so please feel free to share your talents with the club. There are some really interesting projects that members bring in each month for the show and tell table. Many of the club members would be interested in seeing how these projects are created.

Want to try making something from a previous meeting. Work on your project at a mentoring workshop.
