January 2013 Meeting...

At the January meeting Tom lead a discussion on tool selection. The discussion included coring, which is something I have not seen covered .

The MAW will be hosting David Ellsworth Memorial Day Weekend. The weekend will start Saturday with a demonstration. Starting Sunday David will be leading

several one day hands on workshops. If you have not had the opportunity to attend

a David Ellsworth class, I recommend taking advantage of his workshop. Please reserve the Sunday workshop for members who have to work on Monday.

Demo 50.00

Workshops 150.00 per day

If you are not receiving the email please send me an email from you need account and let me know that you have a new address and I will forward to Tim. This will eliminate the chance for typos and more rejected emails.

The Ohio Valley Woodturners Guilds Biennial Turning

2013 Symposium will be held October 10-13. This is a good Regional Symposium. I am looking forward to going this year after having to miss last years Chicago Symposium. Our club always has good turnout for this symposium and a good time is had by all. Registration is now open.

The February Demo will be presented by Ray Frase and will cover spindle repair.

Jeff-

Coring System

Upcoming Dates

Tentative 2013 Meetings :

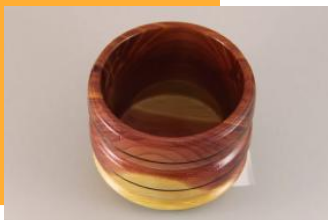

February 3	March 3	April 7	May 5
June 2	July 7	August 4 Picnic	September 8
October 6	November 3	December 1 Holiday Party	

Tentative 2013 Mentor Workshops :

February 16	March 16	April 20	May 18
June 15	July 20	August 17	September 21
October 19	November 16	December 14	

-Meetings are held monthly on the first Sunday of each month from 1:00 pm - 3:00 pm at Paul Beemann's 2075 East Rattalee Lake Rd Holly MI 48442.

- May 25th David Ellsworth Demo
- Workshops on following days
- June 27th AAW Symposium

Tom Tool Demo

Tom discussed how tools were developed to cut wood off of the blank. A knife is thin and very sharp. The edge is thin and down not maintain its cutting edge. Gouges are thicker, not as sharp but keep their cutting edge longer.

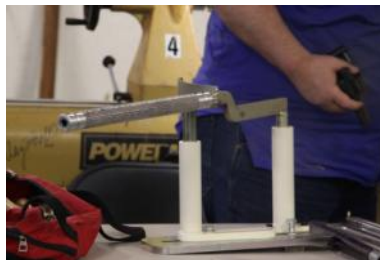

Tom recommended buying three Starting Tools instead of a box set. These tools include: 1/2" Bowl Gouge, 1/2" or 3/8" Spindle Gouge, Flat Parting tool.

Craft Supplies sells a line of Henry Taylor called Artisan. These are the same tools sold under the Henry Taylor line, except they are not buffed.

Check out the club store for tools. These starting tools are usually kept in stock.

Tom described how the Kelton McNaughton Center Saver System works. This system provides some versatility when coring. There is a learning curve with the Kelton McNaughton system.

Bill described how the OneWay Easy Core System works. This system has a smaller learning curve but does not offer flexibility when coring.

Coring allows you to turn more than one bowl out of a bowl blank. This can help spread the cost of expensive pieces of wood.

Demonstrators Wanted

Anyone willing to demonstrate at the monthly meeting can contact Tom or Pete to schedule.

We have a number of talented members, so please feel free to share your talents with the club. There are some really interesting projects that members bring in each month for the show and tell table. Many of the club members would be interested in seeing how these projects are created.

MAW Mentors

If you would like help getting started in woodturning or help with working out a problem, feel free to call any of the names listed. As always, there is no charge to members of the Michigan Association of Woodturners.

Tom Mogford	810-629-6176
Pete Buccellato	248-634-7622
Bill Magee	734-981-6117
Gary Smith	810-636-7167
Ruby Cler	519-945-0647

Check out the new book's in the library.

Photo's

Photographs for this months "Between-Turns" were provided by Jeff Scott

If you have digital photo's that you would like to have considered for use in the newsletter, please send them to the editor at:

Jeffatwayne@yahoo.com

Mailbag...

Roy Turbett found an article by Alan Lacer about turning bocce balls. Turning a bocce ball is a similar process to turning a croquet ball. The diameter of a croquet ball is 3 5/8".

Ohio Valley Woodturners Guild

The MAW is accepting submissions for the Club Newsletter and Website...

What would you like to read about in the club's newsletter "Between Turns"?

What would you like to see on the club's website <http://www.michiganwoodturner.org>?

Are you willing to write an article for submission please let Jeff know. Possible topics: woodturning, metal turning, wood-working, product reviews, or instructions for your latest project.

With your help we can help make the newsletter and website a better resource for our members.

Send your submissions, suggestions, or requests to Jeff at jeffatwayne@yahoo.com or see me at the meeting.
